

Just as learning does not end when school lets out, neither does the need for good nutrition. Children who aren't hungry learn better, act better and feel better. During the school year, more than 18 million children receive free and reduced-price meals at school. During the summer, that number drops to about 3 million. Summer food programs provide nutritious meals to children.

School District 11 will again offer an open summer food service program for children 1-18 years of age. The program will provide free breakfast and lunch during the summer at the locations, dates, and times shown below.

**Please note: All sites will be closed July 4th in observance of Federal holidays.**
