

It's Snowing Cats And Dogs!

It's snowing, snowing cats and dogs! (*solo cat*)
It's snowing, snowing cats and dogs! (*solo dog*)

It's snowing, snowing cats and dogs! (*solo cat*)
It's snowing, snowing cats and dogs! (*solo dog*)

They look so peaceful flying from the sky,
you almost could not guess
that cats and dogs don't usually fly
and they don't get along the best.
But you'll see
in the sky,
cats and dogs
seem to fly.
To fly!

It's snowing, snowing cats and dogs! (*solo cat*)
It's snowing, snowing cats and dogs! (*solo dog*)

It's snowing, snowing cats and dogs! (*solo cat*)
It's snowing, snowing cats and dogs! (*solo dog*)

I'd Rather Be Your Friend

solo (Kitten and/or Puppy):

I'd rather be your friend.

Don't want to be your enemy.

I'd rather be at peace with you,
living in harmony.

all:

I'd rather not be mad.

Don't want to feel so angry.

Wouldn't you rather get along?

Then we could all be free.

Free from war, and free from hate.

This is our chance, at last!

We don't have to be what we don't want to be.

We can let go of the past, of the past.

I'd rather be your friend.

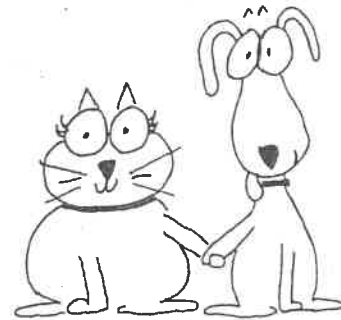

Don't want to be your enemy.

We could accept our differences,
sharing our unity.

I'd rather be.

solo or soli:

I'd rather be your friend.
