

G.L.O.B.E. Charter School **Athletic Code of Conduct**

GLOBE Charter School administrators and coaches of athletic teams believe that students who are selected for the privilege of membership on athletic teams should conduct themselves as responsible representatives of the school. In order to assure this conduct, coaches and administrators enforce a code of conduct contract uniformly with all student athletes. Members of teams who fail to abide by the Code of Conduct Contract are subject to disciplinary action. The goal of the GCS Code of Conduct Contract is to help each Student-Athlete have a successful positive experience in the GCS Athletics program.

Eligibility

The primary goal of GCS is the academic education of its students. Therefore, each Student-Athlete must be earning at least a (C or Partially Proficient) in every class to be eligible to participate in the athletic program. Teachers will bring to the Coach's & Athletic Director's attention any students who are earning unsatisfactory grades while participating in athletic competitions. Such students will be suspended from participating in one game and will not be allowed to play until all unsatisfactory grades are improved to a "C/PP" or higher. Any student who experiences a grade drop twice in a season will be deemed ineligible for the rest of the season. All incidents are subject to the review and discretion of the Athletic Director & Administrators.

This year I will be facilitating grade checks each Monday throughout the season. If a student is academically ineligible for the week they will not be allowed to participate for the entire week until the following grade check is performed. This includes if a student brings their grade up during the week they must still sit out the entire week until the following check.

School Attendance

Regular school attendance is of utmost importance to achieve academic and athletic success. The Administration may limit participation of students in cases of non-attendance at school. Unless a tardy is excused, students must be in school at the regular time in order to participate in practices/games that day. Athletes who accumulate 2 or more absences in a week will be ineligible to participate in competition that week. If a child arrives late or does not attend school on the day of a game, that child will not play that afternoon.

Practice/Competition Attendance

Each student-athlete is expected to be present at all practices and contests unless excused by the coach in advance or legally absent from school. Coaches may limit participation of students in cases of non-attendance at practices/competition.

benefits that come from participation in sports Look at athletic participation as a potentially beneficial learning experience, whether you win or lose.
